@chngchngxn74740 I have not encountered any papers on such crystal growth, maybe there are if you start looking. But I have found some material of similar kind of stuff:

https://www.reddit.com/r/mildlyinteresting/comments/zvlzxa/this_sheet_of_hexagonal_ice_crystals_that_i_found/

<https://www.youtube.com/watch?v=L0SYxpVab6M>

At 12:00 in video (with the appropriate sense of wonder music).
