A must have.

KERN HFA

KERN HFA Compact crane scale

With the TÜV certification mark, the scale meets the requirements of the standard EN 13155 (Non-fixed load lifting attachments/Breakage resistance) and EN 61010-1 (Electrical safety)

With its high-quality finish, low weight and compact dimensions, this crane scale is an essential device for industrial use, on building sites, in freight centres, ports etc. Because of its compact design it is also ideally suited for installation in systems where space is limited, etc.

Ideally suited for determining weight quickly while loading and unloading

Peak load display (peak hold)

Hold function: When the weighing value remains unchanged the weight indicated on the display is automatically "frozen" until the HOLD key is pressed

Tare: Resets the display to "0" when there is a load on the scale. Now removed or added loads are directly displayed

Material and design of housing/load support: steel/steel

Technical data KERN HFA

Large backlit LCD display, digit height 23 mm

Material and design of housing/load support: steel/steel

Rechargeable battery pack internal, operating time up to 30 h without backlight, charging time approx. 12 h

Optional battery operation, 3×1.5 V AA not included, operating time up to 40 h

Precision: 0,2 % of [Max]

Measuring frequency 60 Hz

Further weighing units: kg, lb, N

Permissible ambient temperature 5 °C/35 °C
